# **BUSINESS TERMS AND HOW TO ORDER**

All prices in this catalog are for cash f.o.b. Wenatchee. Mail orders sent C. O. D. when not accompanied by cash. Be sure to include 3% State Sales Tax, and transportation charges.

Unless otherwise requested, your order will be sent parcel post, unless too large, then by stage or express collect. The average postage on small orders amounts to 10c to 15c; larger orders, 20c to 50c.

We reserve the right to ship orders at the proper season for planting, if ordered too early, unless shipment is demanded. Everything in the catalog cannot be shipped at once.

Any errors, or claims for refund, must be made within 24 hours of receipt of merchandise.

#### OUR GUARANTEE

While we exercise the greatest care to have all our stock run true to name, it is mutually understood and agreed to between the purchaser and ourselves that should any stock prove untrue, we shall in no case be liable for any sum greater than that originally received for such stock that may prove untrue, besides, we will not be responsible for the crop. All orders are booked only under the above conditions.

FOR FLOWER ARRANGEMENT

Any one of the above arranged with flow-ers will make a lovely gift for birthdays, weddings, anniversaries, graduation, sweet-hearts, and new babies.

New Creations in Pottery

From San Francisco Pottery Co., Dorothy Kendall Ceramics, Mabel C. Heyde, Corsa Costa Meso Pottery, Bonita Creations, Hull-

**Cactus Pottery** Planted with cactus or empty. Cats, dogs,

deer, elephants, Mexicans, ducks, rabbits, and small glazed pots.

35c to 75c each. Fancy Pots For plants. In white, yellow and blue. Three-, four-, five- and six-inch.

PANSIES

ty with us and we are justly proud of the quality and trueness to type of our strains. Pansies succeed best in rich, well-drained

soil in a sunny position, and produce their finest flowers in the cool, early days of spring. Keep flowers picked during the sum-mer, plants pinched back, and you will get a nice lot of flowers again in the fall. For earli-est blooms, seed indoors. Buy our hardy plants. **75c dozen.** 

Pansies have always been a great special-

A lasting gift with a sentiment.

Hayes.

Vases, jardinieres, bowls, figurines, baby booties, storks, snooty pups and cats, flat dishes with candlesticks and many other pieces of pottery both large and small.

# **ORNAMENTAL TREES**

## For Shade and Beauty

Trees serve to beautify the landscape by framing the picture and directing the eye to the house and points of interest. They also provide the very necessary background against which the house stands out. They should never be planted without well con-sidered purpose. When carefully placed their play of shadow on the lawn, across walks and drives, is very delightful.

Birch-Cut Leaf, Weeping, 6 to 8 feet, \$3.00 and \$5.00.

- Cherry—Japanese double pink flowering, 4 feet, \$2.00.
  Crab—Double, large-flowering, pink, 4 feet,

#### Peanuts

CULTURE—Peanuts require a light, rich soil well limed. Plant in the spring as soon as the ground has become warm, in rows 30 to 36 inches apart, placing the seed 6 to 10 inches apart in the row. It is not necessary to remove the hull when planting. When matured pull and hang up to dry.

Virginia, per lb......45c

## Peppers

#### $\frac{1}{4}$ oz. to 100 ft.; 1 to 2 lbs. per acre.

Culture and soil and temperature requirements are about the same as for Eggplant. A moderate dressing of guano, poultry manure, or complete commercial fertilizer, hoed into the soil after the plants are 6 to 8 inches tall, will be very beneficial.

HOW TO PLANT TREES AND SHRUBS Do not let the roots become dry. Keep them covered at all times with damp sacks or something similar. Cut off broken or bruised roots just above

place of injury. Shorten any roots that are overlong with a sharp knife or sharp prun-ing shears. Dig hole large enough to receive plant without bending roots. Break up subsoil when it is very hard. Put the good dirt to one side so that you can use it around the roots. Set trees one or two inches deeper than they stood in the nursery.

# **Milot-Mills Lawn Grass** Mixture

#### Blue Grass and White Dutch Clover

Such as was used to make the Chelan County Court House lawn, the lawn at the ball park, the lawn at the golf course, the lawn at the hospital in Soap Lake, also the lawns around the many beautiful homes in Wenatchee and North Central Washington. Sow one pound for a plot 10 by 20 feet square (200 sq. ft.)

square (200 sq. ft.).

Special Lawn	Mixture.	Lb	\$1.00

## For Your Information

While we aim to have in stock all varieties of vegetable seeds grown in this part of the country, there may be some which we do not stock because of small demand. These we can get for you on short notice from our regular sources of supplies. We strive to please our customers, and this is one of the many services we can render you.

There are also many plants which are grown in southern sections which will not prove practicable in this locality. If you have any questions about plants or vegetables of any kind we will be glad to advise you.

# WHAT ABOUT YOUR LAWN?

Plan to remake your lawn THIS FALL. More uniform moisture conditions and crisp, cool weather are ideal for the growth of grass.

To grow beautiful grass, apply 4 pounds of Vigoro per 100 square feet of lawn area BEFORE SOWING THE SEED. Vigoro Vigoro contains all 11 necessary food elements. You'll find it clean, odorless, sanitary, and economical to use.

#### SPACE SAVING IN THE VEGETABLE GARDEN

Plant carrots, turnips, beets, onions, let-tuce, spinach and celery in double rows one foot apart instead of single rows. Sow radishes, leaf lettuce and bunching onions in beds which are later planted to other crops requiring more space. Train pole beans, tall peas, limas or cucumbers on heavy twine stretched between poles and wires or train on the fence. Tomatoes are best on a stout trellis. Tie with strips of soft cloth. Pinch or prune some of side branches but not the flower clusters which grow at the opposite side of stem. Get an extra crop of quick maturing crops by planting with slow kinds. Radishes, onions or lettuce between peppers or eggplant rows.

# PETAMINE

A Complete Balanced Diet to be Fed Daily Throughout the Year.

What Petamine does for Canaries: Peps them up, increases song; adds color and sheen to feathers, and keeps them in fine, vigorous condition. Restores lost song and feathers

and cures many ailments when due to faulty diets.

Makes moulting easier and faster and plumage more brilliant and colorful. Works wonders during breed-

ing season, produces more fer-

tile eggs, finer, sturdier young birds. Petamine may be used as the exclusive diet or with mixed whole seeds. Recommended for all cage birds. **25c.** Net weight, five ounces. **Also 65c lb.; 2 lbs., \$1.20.** 

#### SPECIAL—Milot-Mills Birdseed

It is absolutely harmless to fish, snails or vegetation and can be used when fish are spawning, as it will not injure the fish eggs or young fish.

Price, 5 lbs., 50c; 10 lbs., 95c; 25 lbs., \$2.00

## Hints on Care of Goldfish

Should the fish show signs of having fungus, or become logy, a salt bath will bring them out of it; or should the fish come to the top for air it shows there are too many fish in the bowl or aquarium.

Write us for pamphlet on Care and Feeding of Fish and Baby Turtles.

# How to Have a Good Lawn

Spade the ground as deep as possible and turn several times to see that it is thoroughly pulverized. Sheep guano or peat moss will add humus and improve the seed bed. Rake level and water thoroughly so the ground will settle. The seed bed should be allowed to stand for about two weeks, watering from time to time so the weed seeds will sprout.

Roll the ground before seeding, to prevent it from settling unevenly, and then rake the surface lightly. Sow the seeds so as to cover the ground thoroughly, and then cover it lightly with soil. Roll again so as to press the seed in firmly.

PFTAMI

# FLOWER SEEDS---All-American Award Winners for 1946

Including new and rare kinds and varieties which received the highest awards for the year 1946. Our stock includes special and original assortments of Bodger's, Burpee's, Vaughn's, Dreer's, and Ferry-Morse flower seeds. We also put up in our own packets many varieties which we secure direct from the originators and growers in California. Should there be some special variety not in stock we will gladly order for you and save you the trouble and cost of money order.
